

Local Loops : Sunday, April 28th

Here's your chance to reserve for a one-day event in 2024 with a minimal time commitment required. We'll meet at my house in Kennett Square for breakfast, then head to the garage, where as many as 25 mostly twin cylinder bikes from the 1970's & 80's will be waiting. If you have ever had a hankerin' to try one of these torquey brutes, this is your opportunity. We'll ride the more obscure roads of the sublime Brandywine Valley at a mellow pace, stopping every 25 miles or so to chat, enjoy refreshments, and switch bikes: you'll get to try them all! There is this road that I know.....a river runs through it.....

Lunch is at a local taqueria where Spanish is spoken, and the food is as authentic as the atmosphere. (They *do* have English menus as well.) . At the end of the day we'll congregate in a large parking lot where you can lay back and rest or try any of the bikes on a 7-mile self-guided loop. Maybe you'd fancy driving a sidecar outfit...out of traffic of course. Finally, we return to the garage for park up, then head upstairs for a farewell meal served up by my wife Lynn. Lynn can cook! The pace all day is very relaxed. We are here to enjoy, not to race. Remember, the controls are all different; shifters on the right and sometimes on the left. Up could be an upshift but then again up could also be a downshift. It's all very entertaining actually. You will enjoy the day I promise; if you feel you did not get good value I will refund your day fee. Try out some cool antique bikes, make some new friends.

The \$225 fee includes bikes, insurance, guide, 3 meals and gas. That's it!

Local Loops has consistently sold out early the last few seasons so if you have an interest you should reserve your spot early by sending a deposit. Your \$50 deposit is non-refundable but can be applied to any future ride should you need to cancel.
